

Assignment #2 – RShiny App

**GROUP MEMBERS:**

Name	Email

**Total ( /15)**

Upload your research project data to the BIOL 125 Shiny App and create the appropriate figures to visualize your data.

- 1) In the space below, paste the figures your group created. Make sure you follow proper data presentation guidelines (see Biol 116 for details)! (10 marks)

- 2) Use the Shiny App to calculate the statistics for your treatment. Display these descriptive statistics in a properly formatted table below. Make sure you follow proper data presentation guidelines! (5 marks)
