Keywords: why do you need a patent

A. INTRODUCTION

Discuss about i cloud system
definition of patent is an exclusive
granted by the State to the Inventor
for the results of his Invention in
the field of technology, which
carries out the Invasion himself or
gives his consent to other parties
to carry it out, and have inventor a
person who alone or several
people who jointly implement an

idea poured into an activity that
produces an invention
And have Simple Patent Rights
Namely, every invention in the form
of a product or device that is new
and has practical utility values due
to its shape, configuration,
construction or component can
obtain legal protection in the form
of a simple patent.
Why do you need patent rights?
If we have a unique expertise /
product that is financially valuable

then it should be registered at the Directorate General of Intellectual Property Rights of the Ministry of Law and Human Rights of the Republic of Indonesia to obtain Patent Rights, so that it is not hijacked by others without protection of said intellectual property. So if our patent rights are hijacked or imitated by other people, we can be prosecuted legally.

B. CONCLUSION
