ABSTRACT

A feature article gives information of human interest. Feature articles are generally the stories in newspapers and magazines other than straight news stories, editorials, or advertising. In addition, because of their human interest, they attempt to involve the reader emotionally. We have chosen feature articles from Alobatnic's blog that will provide a resource for those who are new to explorations of feature article, key terminology, brief definitions, and links to literature for further explorations.

Keywords : alobatnic; feature articles; online publising;
